

# What Kinda Music

## Tom Misch & Yussef Dayes

[Intro: Loyle Carner, Tom Misch]

What kinda music

Hey[Verse 1: Tom Misch]

I didn't make a sound

I was hidden amongst the crowd

Take another look around

I know that my mind will keep me down

In the corner of your eye

I'm a stranger you recognise

You go the way I go

Your words follow me home

[Interlude]

(fieuw)

(Oooooooooo)

[Verse 2: Tom Misch]

Can I make it clear

There's nothing to see here

The demons come and go

I know that with time they come around

Opened up a door

And I came back for more

It's too late to look back

Forever got this tag on me[Outro]

(Oooooooooo)
