

O Caritas

Cat Stevens

hunc ornatum mundi nolo perdere - (this ornament of the world I do not want to lose).
video flagrare omnia res - (I see all things burning).
audio clamare homines - (I hear people shouting).
nunc exstinguitur mundi et astrorum lumen - (now the light of the world and the stars is put
out).
nunc concipitur mali hominis crimen - (now is exposed the accusation of man's evil).
tristitate et lacrimis gravis est dolor - (with sadness and tears heavy is the grief).
de terraeque maribus magnus est clamor - (from the lands and the seas great is the noise).
O caritas, o caritas nobis semper sit amor - (O caritas, o caritas, may we always have love).
nos perituri mortem salutamus - (we who are about to die salute death).
sola resurgit vita. - (only life reappears).
Ah, this world is burning fast.
Oh, this world will never last.
I don't want to lost it here in my time.
Give me time forever here in my time.
