

Brooklyn

Buckcherry

Ah, yeah
Brooklyn, yeah Take a flight to London sing my song
Bring me back to New York that's where I get paid
Dance with the ladies all night long
Take the train to Brooklyn tryin' to get laid, I see you're walkin' away Don't be afraid I won't
bite hard
It's better than being alone Black out in Brooklyn, I'm so hard
Naked with lady crashed my car
Maxed out all of my credit cards
Black out in Brooklyn all night long, Brooklyn
Heading out to Detroit got the call
The motor city's jumping, maybe I should stay, maybe I should stay
Curtain calls coming we'll have to stall
A red head's finding her way back stage, I see her coming this way
I see her coming this way Don't be afraid I won't bite hard
It's better than being alone Black out in Brooklyn, I'm so hard
Naked with lady crashed my car
Maxed out all of my credit cards
Black out in Brooklyn all night long Alright Brooklyn
I get in, I get out jump in a cab
At a quarter to midnight
I show up we get down
And the party gets started again
Black out in Brooklyn, I'm so hard
Naked with lady crashed my car
Maxed out all of my credit cards
Black out in Brooklyn Black out in Brooklyn, I'm so hard
Naked with lady crashed my car
Maxed out all of my credit cards
Black out in Brooklyn all night long
Brooklyn, Brooklyn, Brooklyn, Brooklyn
