

# Because You Live

Jesse McCartney

Staring out at the rain with a heavy heart  
It's the end of the world in my mind  
Then your voice pulls me back like a wake-up call (call) I've been looking for the answer  
somewhere  
I couldn't see that it was right there  
But now I know what I didn't know Because you live and breathe  
Because you make me believe in myself when nobody else can help  
Because you live, girl  
My world has twice as many stars in the sky It's all right, I survived, I'm alive again (again)  
'Cause of you, made it through every storm  
What is life, what's the use if you're killing time  
I'm so glad I've found an angel  
Someone who was there when all my hopes fell  
I wanna fly looking in your eyes Because you live and breathe  
Because you make me believe in myself when nobody else can help  
Because you live, girl (You live girl)  
My world (My world) has twice as many stars in the sky  
Because you live, I live Because you live, there's a reason why  
I carry on when I lose the fight  
I want to give what you've given me always Because you live and breathe  
Because you make me believe in myself when nobody else can help (when no one else can help)  
Because you live, girl  
My world (My world) has twice as many stars in the sky  
Because you live and breathe  
Because you make me believe in myself when nobody else can help  
Because you live, girl (You live girl)  
My world has everything I need to survive  
Because you live  
I live  
I live
