

# Momma Sed (Alive At Club Nokia)

## Puscifer

Wake up, son of mine  
Momma got something to tell you  
Changes come  
Life will have it's way  
With your pride, son  
Take it like a man Hang on, son of mine  
A storm is blowing up your horizon Changes come  
Keep your dignity  
Take the high road  
Take it like a man  
Listen up, son of mine  
Momma got something to tell you  
All about growing pains  
Life will pound away  
Where the light don't shine, son  
Take it like a man Suck it up, son of mine  
Thunder blowing up your horizon Changes come  
(Changes come)  
Keep your dignity  
(Keep your dignity)  
Take the high road  
(Take the high road)  
Take it like a man  
(Take it like a man)  
Momma said like the rain  
(This, too, shall pass)  
Like a kidney stone  
(This, too, shall pass)  
It's just a broken heart, son  
This pain will pass away
