

123 Drop

Face to Face

You can't stay, you stood out
You give him everything and so he's on to you now
Hold up your head, keep it up
When you're sittin down...
123 drop! You are proud and they are too
I hope you choke on everything you will consume
To pay for every drop of redemption
We'll not be around when the worlds come tumbling down
Bills to pay, firing up
Work a little harder, picture something up
Deep in a whole, looking up
Now you're sitting down waiting
123 drop! You are proud and they are too
I hope you choke on everything you will consume
To pay for every drop of redemption
We'll not be around when the worlds come tumbling down 123 drop!
You are proud and they are too
I hope you choke on everything you will consume
To pay for every drop of redemption
We'll not be around when the worlds come tumbling down 1, 2, 123 drop!
1, 2, 123 drop!
1, 2, 123 drop!
