Mariah Carey

(I don't wanna live without your love)

(I don't wanna live without your love)

Hm

Hey yeah I can't imagine

Looking in someone else's eyes

What we have surpasses

Even paradise

It's hard to fathom

Reaching for someone else's hand

What we share is magic

Heaven had a plan

Sent from up above

(Sent from up above)

So much love

In my life

(Hooo, hooo)

I can't get enough

(Just can't get enough)

Of your touch-feels so right Unending passion

Somehow the fire never dies

What we share

Is everlasting

Love without demise

Oh yes

He made it happen

Placed so much joy into our hands

What we dreamed

We finally captured

Heaven took command

Sent from up above

(Sent from up above)

So much love

In my life

(Hooo, hooo)

I can't get enough

(Just can't get enough)

Of your touch-feels so right
