Why oh, Kingston, Kingston in the place that I lie oh  
Fernando, oh, you make me feel special This the one that the DJ play  
I the sexy guy them watching  
This the one that the DJ play  
I the sexy guy them watching Walk right over to me  
And her eyes went right through me  
She said you're somebody I should know, oh Another thing that she was saying  
Had my actions delaying  
Before I knew it we're on the floor, whoa  
Now you're slippin' me your number

What I, what I should know, know  
Your intentions are so clear  
So keep your body right here  
Don't you move 'cause I feel it too, oh You're dancin' on me like you're My Girlfriend  
You tell me you wanna be My Girlfriend but just for tonight  
And I won't regret it and even if we break up  
No matter what, tonight you're My Girlfriend DJ, play this song  
And dedicate it to me and my new girlfriend

And dedicate it to me and my new, let's go I will touch you like we're dating
