

# So Long

Melody Gardot

Don't wait home for me darling  
I'm not coming home!  
Draw the blinds and set the alarm  
cause I'm not coming home  
In the morning you will rise  
With sadness in your eyes  
Cause I'll be gone  
I'm moving on  
Goodbye, so long!  
Every flower has fade.  
I am not, I'm in home.  
Tears may fall your lashes my...  
But I'm not coming home  
Forever is on my mind  
And I have just got to find  
A place I belong...  
So long!  
So long!So long!  
Every pawn is drown to closing  
I am not coming home  
Way could. so everyone knows I'm not coming home  
Goodbye, so long!
