## Tweet

Shake it, Shake it  
Shake it, Shake it  
Shake it, Shake it  
Shake it, Shake it  
Bounce, Bounce  
Bounce, Bounce  
Bounce, BounceBaby you the man  
Cause you put it on me  
And every morning  
I roll over and feel you touching on me  
I got another man  
But he ain't like you  
And I cant be your baby mama  
Though I'd like to  
C-C-C-C-C-Call me real late at night  
When my man's asleep  
And take a red eye  
To the west side up and down my spine  
And let you feel what you've been missing  
I'm so bonafied  
Call me  
Ooo, when you need me  
Baby, you dont have to worry  
Call me  
We can do (we can do) somethingCall me  
Ooo, when you need me  
Baby, you dont have to worry  
Call me  
We can do something  
Baby, take my hand  
When you're feeling lonely  
It don't matter where we're at  
Just let me put it on you  
I got another man  
But he aint like you  
And I cant be your live in lova  
Though I'd like to  
C-C-C-Call me at the break of dawn  
i'll be sure to meet you with no panties on  
we can slip in slid  
we can take a ride  
cross the parking, what you missing

i'm so on bonafied Call me  
Ooo, when you need me  
Baby, you dont have to worry  
Call me  
We can do something Call me  
Ooo, when you need me  
Baby, you dont have to worry  
Call me  
We can do something Shake it, Shake it  
Shake it, Shake it  
Shake it, Shake it  
Shake it, Shake it  
Bounce, bounce  
bounce, bounce  
bounce, bounce  
shake it, shake it  
bounce, You can call me, call me  
you can call me, ooo Call me  
Ooo, when you need me  
Baby, you dont have to worry
