## Bon Iver

Armour let it through,  
borne the arboretic truth you kept posing  
sat down in the suit,  
fixed on up it wasn't you by finished closingRamble in the roots, had the marvel,  
moved the proof be kneeled fine's glowing  
storing up the clues,  
it had its sullen blue bruised through by showingSettle past a patience  
where wishes and your will are spilling pictures  
water's running through in the valley  
where we grew to write this this scriptureNever gonna break  
never gonna break  
never gonna break  
never gonna break  
not for a part in any gamut of the dark  
Doubled in the toes annex it,  
it minute closed in the morning  
did not lose it in the stack's stow,  
imma lay that call back on yaYou know it won't beseech you,  
we're laying in an open field  
I will let you grow, no need to know thisSo carry on my dear,  
what is clear up in the daylight is we're hung here  
fall is coming soon,  
a new year for the moon and the Hmong hereNever gonna break  
never gonna break  
never gonna break  
never gonna break  
all that it seems  
bellows tracing through the streams  
Never gonna break  
never gonna break  
never gonna break  
never gonna break  
all at its seams  
swallows swelling for the beams
