

# I'll Be Sweeter Tomorrow (Than I Was Today)

## The O'Jays

Do do do do...I always like to be  
On my P's and Q's  
I don't want to miss something  
Nice that I can do for you I know you love me  
The way I, ohh  
But something inside of me  
Keeps saying do more  
Do more, do more if you can I got news for you  
Good news for, oh  
I'm gonna be sweeter to you  
Than I was yesterday  
You call me your  
Sugar and spice man  
Your everything nice man  
But I'm just trying to  
Give you half as much  
As you've given me And I, I don't doubt myself  
I know I'm doing my jo  
But I believe I can squeeze  
A little bit more love  
Out of this old heart I know you love me  
The way I, ohh  
But something inside of me  
Keeps saying do more  
Do more, do more if you can  
I got news for you  
Good news for, oh  
I'm gonna be much sweeter  
To you than I was yesterday I got news for you  
Good news for, oh  
I'm gonna be sweeter to you  
Than I was yesterday
