I'll Be Sweeter Tomorrow (Than I Was Today)

The O'Jays

Do do do do...I always like to be On my P's and Q's I don't want to miss something Nice that I can do for youI know you love me The way I, ohh But something inside of me Keeps saying do more Do more, do more if you can I got news for you Good news for, oh I'm gonna be sweeter to you Than I was yesterday You call me your Sugar and spice man Your everything nice man But I'm just trying to Give you half as much As you've given meAnd I, I don't doubt myself I know I'm doing my jo But I believe I can squeeze A little bit more love Out of this old heartI know you love me The way I, ohh But something inside of me Keeps saying do more Do more, do more if you can I got news for you Good news for, oh I'm gonna be much sweeter To you than I was yesterdayI got news for you Good news for, oh I'm gonna be sweeter to you
