

# Money Made Me Do It (feat. 2 Chainz)

## Post Malone

Diamonds in my chain gold  
Every 20 minutes, change clothes  
I had a mil before the label  
Just as long as they know, money made me do it  
I said rest in peace to Bankroll  
You in a better place, dog  
You won't ever see me lay low  
Start the engine, watch me take off, money made me do it  
I said, yeah, I said money made me do it  
I said, yeah, I said money made me do it  
Watch me, yeah, I said money made me do it  
I said, yeah, I said money made me do it  
Take a ride when we wake up  
Hit the gas, melt your face off  
Spend the day counting cake up  
With a dime who think I changed up  
I took the Lincoln down Rodeo  
Ran through it like some Drain-o  
Lot of bags, can't complain though  
We was shopping until they closed  
Why did I do that? Did I do that? Ooh, yeah  
New whip, now I can pay my rent, ooh no, ooh yeah  
Diamonds in my chain gold  
Every 20 minutes, change clothes  
I had a mil before the label  
Just as long as they know, money made me do it  
I said rest in peace to Bankroll  
You in a better place, dog  
You won't ever see me lay low  
Start the engine, watch me take off, money made me do it  
I said, yeah, I said money made me do it  
I said, yeah, I said money made me do it  
Watch me, yeah, I said money made me do it  
I said, yeah, I said money made me do it Got a bandana 'round my neck  
Like Bankroll Fresh  
Pocket full of street money  
' Bout to count my blessing  
One hundred, one thousand  
100K, one million  
We smoke, we lay up, we rap  
We talked about a vision (switch it up)  
I got diamonds like a rainbow, every time I change clothes

Shawty fucked my friend but I act like I ain't know  
I'ma buy a rain coat, the storm might approach you  
Clown like your daddy met your mom at a circus  
I do it on purpose, do it for the neighborhood  
Smoking on that Meagan Good, with my niggas when I do it  
Got that leather and that wood, got the marble on the floor  
Got the burglar bars on the door at the bandoDiamonds in my chain gold  
Every 20 minutes, change clothes  
I had a mil before the label  
Just as long as they know, money made me do it  
I said rest in peace to Bankroll  
You in a better place, dog  
You won't ever see me lay low  
Start the engine, watch me take off, money made me do it  
I said, yeah, I said money made me do it  
I said, yeah, I said money made me do it  
Watch me, yeah, I said money made me do it  
I said, yeah, I said money made me do it
