

# Pick a Choice (feat. Petho Burr & Kodak Black)

## Sniper Gang

Aye Petho, that shit we was just talkin' about dawg  
That shit like heavy on my mental right now  
You know what I'm sayin', it's hard to just to say fuck it  
When niggas was really out here thuggin' for real dawg  
The projects keep callin' a nigga name dawg  
Glee If I had a choice, which one I pick  
Good life or that bad life, which one I pick  
Positive shit or negative shit, which one I pick  
Only got one wish, pick carefully (pick carefully)  
If I had a choice, which one I pick  
Good life or that bad life, which one I pick  
Positive shit or negative shit, which one I pick  
Only got one wish, pick carefully (pick carefully)  
If I had a choice, which one I pick  
I already lived the bad life, it wasn't shit  
Good life was the best life, should of knew that shit  
Back then I was made of shit, hangin' with the wrong clique  
Now I'm on the positive, ion need no negative  
I already did my negative, I'm stayin' positive  
Hood stay on that negative shit, got to stay out the way and shit  
Stackin' my cheese and shit, now I'm on positive  
Ion need no negative, I'm wit' my negative  
Now I'm stayin' positive, hood on that negative shit  
Now I'm stayin' out the way and shit  
Stackin' my cheese and shit  
If you ain't pick a choice, what you gonna do wit' it  
If I had a choice, which one I pick  
Good life or that bad life, which one I pick  
Positive shit or negative shit, which one I pick  
Only got one wish, pick carefully (pick carefully)  
If I had a choice, which one I pick  
Good life or that bad life, which one I pick  
Positive shit or negative shit, which one I pick  
Only got one wish, pick carefully (pick carefully) Me and Petho, we so flexible, jump through  
your window with no hand  
Love the streets,  
but I can hop on this beat, and I can wake up the dead  
Fuck with Boosie,  
but I ain't signed cause I been already had started a brand  
I was a kid influenced by Boosie but

now I'm grown, I'm the man with the plan  
Tried to offer me 10 bands, I laughed cause I wasn't with that shit  
I was jackin' out of Virginia, and I already had a 100 grand  
Me and Petho hold up we ain't have no lookout, we just cranked  
Told my nigga come on, lock with a ziplock with 'bout 30 chains  
4 AM we pulled in the 'jects, Top was holdin' his camera  
That was my cousin but I told him right now ain't the time for camera  
I told Petho be my driver, I'm a kick door like the feds  
Made me starve eatin' by myself when I had to hit that lick or quit it  
Nigga when you run down better not  
hesitate my nigga better not be scared  
Same old energy when I'm Kodak boppin' and when I'm poppin' checks  
Can't give rapper snapper, wacker, jacker, jumped out in a reptar  
Almost turned into a cut throat  
maniac, kickin' in doors like I'm a crackIf I had a choice, which one I pick  
Good life or that bad life, which one I pick  
Positive shit or negative shit, which one I pick  
Only got one wish, pick carefully (pick carefully)  
If I had a choice, which one I pick  
Good life or that bad life, which one I pick  
Positive shit or negative shit, which one I pick  
Only got one wish, pick carefully (pick carefully)
