

# Stay Forever (feat. STRFKR)

## Whethan

I don't want to live all the way with a throw away  
I'm gonna throw away  
All away  
Only you, it's only you who saw the moon  
There's a rainbow  
I'm gonna throw away  
All away I said "Nothing's forever"  
I said "Nothing's forever"  
I said "Nothing's forever"  
I said "Nothing's forever"  
For my only lover  
Got a lotta nice things to say  
Lonely lovers wait forever  
Got a lotta nice things to say  
Oh
