Jim James

Hey, open the door I want a new life Hey, and here's what's more I want a new life, a new life Babe, let's get one thing clear There's much more star dust when you're near I think I'm really being sincere I want a new life, ummm, a new life With you Mhm, hey, open the door I want a new life Hey, and here's what's more I want a new life, a new life Babe, let's get one thing clear There's much more star dust when you're near I think I'm really being sincere I want a new life, ummmm, a new life With youCan't you see a perfect picture You and me But you know, it won't come easy And what's more, It's worth looking for, uhu Babe, open the door And start your new life, Oh, your new life Babe, on the shore And start your new life Your new life, once more.
