

Blood To Bleed

Rise Against

This place rings with echoes of
lives once lived, but now are lost.
Time spent wondering about tomorrow.
I don't care if we lose it all tonight,
up in flames, burning bright.
Warming the air of the world."I don't love you anymore" is all I remember you telling me,
never have I felt so cold.
But I've no more blood to bleed
'cause my heart has been draining into the sea.
Steps, I take in your footsteps.
Getting me closer to what is left,
of the dreams of what I once claimed to know.
Within my bones this resonates,
boiling blood will circulate.
Could you tell me again what you did this for?"I don't love you anymore" is all I remember you
telling me,
never have I felt so cold.
But I've no more blood to bleed
'cause my heart has been draining into the sea.Still I wait
with a hope inside of me (inside of me)!
So still, (so still) I wait, (I wait)
until again we meet, until again we meet!Within my bones this resonates,
boiling blood will circulate.
Could you tell me again what you did this for?
"I don't love you anymore" is all I remember you telling me,
never have I felt so cold.
But I've no more blood to bleed
'cause my heart has been draining into the sea.Still I wait
with a hope (so still) inside of me (I wait)!
So still, (a hope) I wait (inside of me)!
