

# Remember Love

## S

You all say just what you mean  
I've probably told you more than you should ever know  
This was always meant to be  
And I feel it all around you and me  
So this would be the perfect time to throw it all away  
I would give you everything  
And watch you walk away  
And it's you that I'll remember  
when I think of love and all these things  
How easily it goes away  
I begin to get confused  
But seem to find my way back to you  
And I always told the truth  
And I never felt ashamed around you  
So this would be the perfect time to throw it all away  
I would give you everything  
And watch you walk away  
And it's you that I'll remember  
when I think of love and awful things  
How easily it goes away  
How easily it goes away  
How easily it goes away
