

# Follow You

## Cheat Codes

It 5 A.M. and I'm awake  
Sephora stains your pillow case  
And I how I wish I could feel your lips on mine today  
The road can be long, the distance is hard  
but I won't let it swallow you  
From New York to L.A.  
Vegas to Santa Fe, oh baby I'll follow you  
I'll follow you  
I'll follow you  
Now, when the clouds fall down and the sky ain't so blue  
Ooh ooh, I'll follow you  
I'll follow you  
It's 12 o'clock, I'm still in bed  
Take a drag from a cigarette  
How I wish I could feel your lips on mine instead  
The road can be long, the distance is hard  
but I won't let it swallow you  
From New York to L.A.  
Vegas to Santa Fe, oh baby I'll follow you  
I'll follow you  
I'll follow you  
Now, when the clouds fall down and the sky ain't so blue  
Ooh ooh I'll follow you  
I'll follow you  
Now, when the clouds fall down and the sky ain't so blue, ooh ooh
