

# Butterfly

Mariah Carey

When you love someone so deep they become your life  
It's easy to succumb to overwhelming fears inside  
Blindly I imagined I could keep you under glass  
Now I understand to hold you I must open up my hands  
And watch you rise  
Spread your wings and prepare to fly  
For you have become a butterfly (Oooh) Fly abandonedly into the sun  
If you should return to me  
We truly were meant to be  
So spread your wings and fly  
Butterfly

I have learned that beauty has to flourish in the light  
Wild horses run unbridled or their spirit dies  
You have given me the courage to be all that I can  
And I truly feel your heart will lead you back to me  
When you're ready to land  
Spread your wings and prepare to fly  
For you have become a butterfly (Oooh)  
Fly abandonedly into the sun  
If you should return to me  
We truly were meant to be  
So spread your wings and fly Butterfly

I can't pretend these tears aren't overflowing steadily  
I can't prevent this hurt from almost overtaking me  
But I will stand and say goodbye for you'll never be mine  
Until you know the way it feels to fly  
Spread your wings and prepare to fly  
For you have become a butterfly (Oooh)  
Fly abandonedly into the sun  
If you should return to me  
We truly were meant to be  
So spread your wings and fly  
Butterfly

Spread your wings and prepare to fly  
For you have become a butterfly (Oooh) Fly abandonedly into the sun  
If you should return to me  
We truly were meant to be  
So spread your wings and fly  
Butterfly  
So flutter through the sky  
Butterfly, fly  
Spread your wings and fly
