

Fall (feat. Fabolous)

Timeflies

What you looking for
Feeling like you'll never find
You spend the money
But it never seems like you spend the time
Are you even sure
Could you make up your mind
Looking for all the answers
You should probably get in line Not so fast, just slow down (just slow down)
Baby you should look around
Just get lost
Turn up the sound (turn up the sound)
Cuz we get so high that we just fall... fall...
Don't need sleep tonight to dream this up... up...
So come on, cuz you know
What you want, here we go
Cuz we get so high that we just fall... fall... Come and find me now
Cuz I'm where you wanna be
Don't need no clocks to know that it's time for you to come rock with me
Open up your eyes
No telling what you'll see
Now it's time for you to stop... just breathe Told ya not so fast, just slow down (just slow down)
Baby you should look around
Just get lost
Turn up the sound (turn up the sound)
Cuz we get so high that we just fall... fall...
Don't need sleep tonight to dream this up... up...
So come on, cuz you know
What you want, here we go
Cuz we get so high that we just fall... fall... On the way we up we gon all fall
On the elevator don't your calls fall
Gotta bounce back, ya gotta brush it off
If you stay down, then it's y'all fault
I'ma ball hard till my ball falls
What I'm gonna say to my years are done
I know the top is where I'm going
Even though the bottom is where I'm from
Now, get so high, cheap seats
Pillows of OG, We fall in deep sleep
That double R like road runner
All you hear is that beep beep
I phone through like winter time and you fall in love Cuz we get so high that we just fall... fall...
Don't need sleep tonight to dream this up... up...

So come on, cuz you know
What you want, here we go
Cuz we get so high that we just fall... fall...Not so fast, just slow down...
