A Full Time Job

Eddy Arnold

I want a full time job makin' love to you I'll do anything you want me to But if you have no plan to use a full time man A part time job will do I want a life time job bein' close to you Makin' all your dreams come true But if your heart don't throb about a full time job A part time job will doYou wouldn't have to pay me A nickel or a dime As long as you would let me Get in a little bit of overtime I want a full time job holdin' hands with you I think you'd kinda like it too Don't need a part time job, I want a full time job But a part time job will doYou wouldn't have to pay me A nickel or a dime As long as you would let me Get in a little bit of overtime I want a full time job holdin' hands with you

Don't need a part time job, I want a full time job

But a part time job will do
