

# Waiting For You

Allister

If I could tell you one thing  
Then I'd tell you everything  
I'd probably say that you've been on my mind  
Since we held hands out in the rain  
Smoking cigarettes to play  
Off all the butterflies I had inside And now I think that you should know  
That you've got everything  
That I've wanted for so damn long  
And that I wouldn't hesitate to trade away everything  
If you tell me that I'm not wrong  
So now I think that you should know  
That I've been waiting for you  
Whoa. Yea I've been waiting for you (x4)  
If I could tell you one thing  
Then I'd tell you everything  
I'd probably say that you've been on my mind  
Since we sat underneath the stars  
as I held you in my arms  
Killing just another summer night And now I think that you should know  
That you've got everything  
That I've wanted for so damn long  
And that I wouldn't hesitate to trade away everything  
If you tell me that I'm not wrong  
So now I think that you should know  
That I've been waiting for you  
Whoa. Yea I've been waiting for you (x4)  
It's funny how the best things happen sometimes  
And how I'll always remember those endless nights  
But don't forget I regret the fact that I have to leave you  
Right as the best part starts  
So I thought I'd take the time to say  
That I've been waiting for you Woah. Yeah I've been waiting for you (x8)  
yeah i've been waiting for you (x2)
