

# Read My Lips

Ciara

Read my lips, read my lips  
Baby get up out of this  
La la la la la la  
Read my lips, read my lips  
Baby get up out of this  
La la la la la la So you're stayin here tonight  
Everybody's goin out  
Can we sit this one out, baby?  
I got something else in mind, close the blinds, dim the lights  
And you better bring your appetite  
I'll make you something real nice  
If you like a lot of heat  
Better come up in my kitchen, baby  
Got everything that you like, why don't you have a little taste?  
Don't let nothing, don't let nothing go to waste  
Down down, but you gotta savor it, savor it  
I know it's your favorite dish  
Top down, you better put yo feet up  
You ain't leavin til you eat it all up I just wanna take care of you baby  
You're the only one I wanna give it to  
This is all for you  
I just wanna take care of you baby  
Read my lips for that's all you gotta do  
This is all for you On the kitchen floor, tonight you know it's going down  
If you want some more baby you know I can throw it back  
Turn my oven on and it ain't gon be no showin down  
This is how it's going down, this is how it's You can call it good time, we ain't gotta go out  
You got a home cooked meal right here  
Come on and take another bite, that's right, that's right  
Keep on going till you're satisfied  
It's the best you ever had, once you taste a piece of that  
You can never go back baby, yea  
There's nothing else like this around town  
Boy I got the sugar that can make you fall down Down down, but you gotta savor it, savor it  
I know it's your favorite dish  
Top down, you better put yo feet up  
You ain't leavin' till you eat it all up I just wanna take care of you baby  
You're the only one I wanna give it to  
This is all for you  
I just wanna take care of you baby  
Read my lips for that's all you gotta do  
This is all for you On the kitchen floor, tonight you know it's going down
