The Horses

Rickie Lee Jones

We will fly Way up high Where the cold wind blows Or in the sun Laughing having fun With the people that she knows And if the situation Should keep us separated You know the world won't fall apart And you will free the beautiful bird That's caught inside your heartCan't you hear her? Oh she cries so loud Casts her wild note Over water and cloud That's the way it's gonna be, little darlin' We'll be riding on the horses, yeah Way up in the sky, little darlin' And if you fall I'll pick you up, pick you up You will grow And until you go I'll be right there by your side And even then Whisper the wind And she will carry up your ride I hear all the people of the world In one bird's lonely cry See them trying every way they know how To make their spirit fly Can't you see him? He's down on the ground He has a broken wing Looking all around That's the way it's gonna be, little darlin' You go riding on the horses, yeah Way up in the sky, little darlin' And if you fall I'll pick you up, pick you up Can't you hear her? Oh she cries so loud Casts her wild note Over water and cloud I'll pick you up darlin' if you fall

Don't worry 'bout a thing little girl

Because I was young myself not so long ago And when I was young When I was young And when I was young, oh I was a wild, wild one. Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
