

Red Shoes

Throwing Muses

This date
This war criminal is
This date is brutal, it
It wants red, so I got red shoes
'Cause red becomes you
This red becomes you
Eyes closed
You close them in the dark, huh?
What do you think you can't see?
You want red, so I got red shoes
'Cause red becomes you
This red becomes you
This dance
This war criminal is
This dance is brutal, it
It wants red
So I got red shoes
'Cause red becomes you
I become you
