Scratch the Surface

Sick Of It All

Scratch the surface serve a purpose scratch the surface don't waste my timeSuch empty life night after night all hidden faults such shallow sightSuch simple sheep herd to the creeps beauty is null barely skin deep

What is the force that drives the superficial tell me what keeps their minds remaining little
What is the force that drives the superficial tell me what keeps their minds remaining so afraid of what they'd see underneath the fantasy actually scratch the surfaceScratch the surface serve a p

so afraid to actually scratch the surfaceScratch the surface serve a purpose scratch the surface don't waste my timeAll mirrors hide

faillure inside
that's maybe why
they take so much timeBig money lies
big lying eyes
eyes are the soul
big dollar signs

What is the force that drives the superficial tell me what keeps their minds remaining little
What is the force that drives the superficial tell me what keeps their minds remaining so afraid of what they'd see underneath the fantasy so afraid to actually scratch the surfaceScratch the surface serve a purpose scratch the surface don't waste my time
