

# West Side Girl

Bilal

Hey, how you doing  
I've been watching you, getting down  
From the way you're moving  
You look like you're from the west side part of town, girl  
You ain't gotta talk or lick, body talk a lot of shit  
Got one question  
Could you roll with a kid like me  
I could take you where you wanna go  
We where the wind blows  
Got one question  
Could you roll with a kid like me  
Uh, look like you took your good shoes off the shelf  
Look like you took your good shoes off the shelf  
And you shine, so bright  
That I could only see you and nobody else  
I could only see you and nobody else, girl  
Hey, how'd you do it?  
You got me back up, on my 90's kick, yeah  
Baby, baby, talking bout the girl it's poison  
Well if the devil wears prada this is hell!  
girl, it gets hot when you come close to me  
Love, love, potion me  
Burn like 51, I think it's so much fun girl  
Got you right here with me  
No place I'd rather be  
You could my number one  
You look like so much fun, girl  
Uh, look like you took your good shoes off the shelf  
You know what to do  
Shine, so crazy, you know how to groove  
My type, my type, my type girl  
My type girl, just my type of girl, yeah  
Just my type of girl, my type of girl  
Just my type of girl, my type of girl
