

Dragonfly (Radio Mix)

Shaman's Harvest

Maybe the sky's falling down around the babies
Maybe the world is gonna spin out of control
I don't care anymore.
What if I quit today workin' for the man
And said I've had enough, well maybe I can
It's all gonna end anyway.
Tell me doctor, whats the cure for the wicked man's blues?Fly Dragonfly
Fly Dragonfly
Fly Dragonfly
When the sky, falls to the sea
I won't mind
The cause in me
When the wind blows through the treesI won't cry for dragonfly.
Fly DragonflyFly Dragonfly.
When I come
Get me a piece
Take my adviceJust let me be.
When the moon
turns black as nightWe'll bathe in the fires
Of Dragonfly.
Fly Dragonfly.
Don't take so long
I'll be there before you know
I See you in my minds' eye.
Fly dragonfly
Fly Dragonfly
Fly Dragonfly
Fly, Dragonfly.
