

Alibi (Far Out Remix)

Krewella

Always been a black sheep living in a daydream
In too deep, in too deep
I'mma give you everything
I'mma give you everything forever, everything
Don't even know sleep, gonna keep it all O.G.
On the same team, same damn team
'Til my body 6 feet, I'mma give you everything forever, everything I'm that Al Capone Cadillac,
drive like a maniac
Killer like zodiac (Yeah, yeah, yeah)
Shock to your cardiac, 'til the end got your back
Even when you're gonna crash I'm still gonna ride with you, ride with you, ride with you
You know I'd die for you, die for you, die for you
Put it all on the line for you just to keep it bulletproof
Stay with me tonight, I'll be your alibi
(Yeah, yeah, yeah)
I'll be your alibi
(Yeah, yeah, yeah)
I'll be your alibi Ready for the backlash, said I'm gonna come back
I'll be back, I'll be back
I'mma give you all I have
I'mma give you all I have forever, all I have
Keep you in my habitat, dedication to the max
Never change that, won't change that
I'mma give you all I have
I'mma give you all I have forever, all I have Yeah, we're different from the masses, we go back,
Jurassic
Baby, we a classic (Yeah, yeah, yeah)
With you 'til the casket, mellow the dramatic
Even through the madness, yeah
I'm still gonna ride with you, ride with you, ride with you
You know I'd die for you, die for you, die for you
Put it all on the line for you just to keep it bulletproof
Stay with me tonight, I'll be your alibi Oh, I'll be your alibi
(Yeah, yeah, yeah)
I'll be your alibi
(Yeah, yeah, yeah)
I'll be your alibi I'm still gonna ride with you, ride with you, ride with you
You know I'd die for you, die for you, die for you
Put it all on the line for you just to keep you bulletproof
Stay with me tonight, I'll be your alibi
I'll be your, I'll be your, I'll be your alibi
I'll be your, I'll be your, I'll be your alibi (Yeah, yeah, yeah)

I'll be your alibi, I'll be your alibi
(Yeah, yeah, yeah)
I'll be your alibiAlibi, I'll be your alibi
