

Get Your Buzz On

The Cadillac Three

Well us boys, we ain't suit and tie
Like the young guns, hat and boots
Catch a cowgirl's eye

Oh, we came just for the party
We came for the girls that get naughty
We came cause we just wanna let it go
A little whiskey buzz in your radio

There ain't nothing wrong

If you want a knock-down, drag-out go on let your hair down

Party on the farm til the rooster crows, yeah

Skynyrd to The Rolling Stones

"Start Me Up" til "Tuesday's Gone"

get your buzz on, get your buzz on

Get your buzz on, get your buzz alright

Get your buzz on, get your buzz on

Get... Your... Buzz...

On We ain't done til the sun kills the fun

Yeah me and my boys drink with anyone

Oh, we came just for the party

We came for the girls that get naughty

We came cause we just wanna let it go

A little whiskey buzz in your radio

There ain't nothing wrong

If you want a knock-down, drag-out go on let your hair down

Party on the farm til the rooster crows, yeah

Skynyrd to The Rolling Stones

"Start Me Up" til "Tuesday's Gone"

get your buzz on, get your buzz on

Get your buzz on, get your buzz alright

Get your buzz on, get your buzz on

Get... Your... Buzz...

(I've been know to pop a few tops yeah I've been known to smoke a little pot yeah It's hard to
not to overdo it when it goes so good With the country folks, cm'on)

There ain't nothing wrong

If you want a knock-down, drag-out go on let your hair down

Party on the farm til the rooster crows, yeah

Skynyrd to The Rolling Stones

"Start Me Up" til "Tuesday's Gone"

get your buzz on, get your buzz on

Get your buzz on, get your buzz alright

Get your buzz on, get your buzz on

Get...Your...Buzz...On
