

Bitter Sweet

Roxy Music

Well, this is such a sad affair
I've opened up my heart, oh, so many times
But now it's closed Oh, my dear
Every salted tear, it wrings
Bitter-sweet applause But when the show is in full swing
Every once in a while
High stepping chorus lines mean I'm forgetting
Mein lullaby-liebchen
How rich in contrast, love can be
Sometimes I'm quite amused
To see it twist and turn
To taste both sweet and dry These vintage years
Lovers, you consume, my friend
As others, their wine
Nein das ist nicht
Das ende der welt
Gestrandet an leben und kunst
Und das spiel geht weiter
Wie man weiss
Noch viele sch'nste widdershen And now as you turn to leave
You try to force a smile as if to compensate
Then you break down and cry
