

# Breathe (feat. Ryan Destiny & Kayla Smith)

## Star Cast

I've been on a wave all night and day  
Trying to feel a broken high  
Take another one to numb the pain  
I can't lie, I love the ride I gotta get away from this  
Another day and I might go insane I just wanna breathe  
Sometimes I just wanna get away, yeah  
Breathe  
Find a place to hide away, yeah  
Breathe  
Sometimes I just wanna get away, yeah  
Breathe (yeah, yeah, yeah, yeah)  
Breathe Lately, everything's been  
complicated (Lately, things been complicated)  
Nothing seems to help the pain (Nothing seems to help the pain, no)  
Numbing in my face, intoxicated (intoxicated, oh)  
One more day of this and I might go insane (I might go insane) From this  
Another day and I might go insane  
I just might go insane  
I just wanna breathe  
Sometimes I just wanna get away, yeah  
Breathe  
Find a place to hide away, yeah  
Breathe (I breathe, yeah)  
Sometimes I just wanna get away, yeah  
Breathe (yeah, yeah, yeah, yeah)  
Breathe (I just wanna)  
Breathe (oh, breathe)  
Sometimes I just wanna get away, yeah  
Breathe (I just wanna get away)  
Find a place to hide away, yeah (oh, yeah)  
Breathe (I breathe)  
Sometimes I just wanna get away, yeah (I just wanna get away)
