

# If Hollywood Don't Need You

Don Williams

Well you know I'm not much good at writin' letters  
So I gave up and decided that I'd call  
Now there's really not much news to tell you  
Things back here they never change at all  
It snowed today, it's cold here for November  
But I hear the weather's warm out there Oh, and if you see Burt Reynolds would you shake his  
hand for me  
And tell ol' Burt I've seen all his movies  
Well, I hope you make for big time, I hope your dreams come true  
But if Hollywood don't need you, honey, I still do Last night I drove the truck to Amarillo  
Some friends and I we had a laugh or two  
But lately we don't cut up like we used to  
'Cause all that I can think about is you  
I know this is what you've always wanted  
But I know now that all I want is you  
So if you see Burt Reynolds would you shake his hand for me  
And tell ol' Burt I've seen all his movies  
Well, I hope you make for big time, I hope your dreams come true  
But if Hollywood don't need you, honey, I still do  
If Hollywood don't need you, honey, I still do
