

# WildHorse

RaeLynn

If you want candy on your arm  
If you wanna pretty lucky charm  
If you wanna trophy on your shelf  
You better find somebody else  
If you want a girl that don't speak her mind  
All smiles, all yes, all of the time  
I ain't made for these four walls  
Let 'em fall down  
I don't want no fences around me  
Nobody boxing me in  
Can't saddle me up  
Cause I'm the kind of  
Girl that needs the wind  
Ridin' with the fire in my eyes  
Flyin' straight through the open wide  
Cause baby I'm a wild horse, wild horse  
Don't try to tame me  
Baby I'm a wild horse, wild horse  
Ain't gonna break me  
If you wanna love me, understand  
You gotta be down with the way I am  
All my flaws and all my quirks  
All my glitter, all my dirt  
I gotta think about feeling free  
This restless heart it just won't breathe  
And these four walls, they're too small  
So let 'em fall  
I don't want no fences around me  
Nobody boxing me in  
Can't saddle me up  
'Cause I'm the kind of  
Girl that needs the wind  
Ridin' with the fire in my eyes  
Flyin' straight through the open wide  
Cause baby I'm a wild horse, wild horse  
Don't try to tame me  
Baby I'm a wild horse, wild horse  
Ain't gonna break me  
Baby I'm a wild horse  
You can't tame a wild horse  
You can't change a wild horse  
Nothing like a wild horse  
I don't want no fences around me  
Nobody boxing me in  
Can't saddle me up  
'Cause I'm the kind of  
Girl that needs the wind  
Ridin' with the fire in my eyes  
Flyin' straight through the open wide  
Cause baby I'm a wild horse, wild horse

Don't try to tame me  
Baby I'm a wild horse, wild horse  
Ain't gonna break me  
Ain't gonna change me  
No, noIf you want candy on your arm  
If you want a pretty lucky charm  
If you wanna trophy on your shelf  
You better find somebody else
