

# All for You

Keith Urban

Last night I fell asleep, and I saw you dancin' in my dreams  
Just like the autumn leaves  
I've fallen for you  
All for you You changed my life, you changed my ways  
I don't even recognize myself these days  
It must be a reflection of you  
Only you And I can't remember feelin' love like this, I'm so alive  
I can't imagine livin' life without you by my side  
Day after day you find a way to make this grown man cry  
It's so true, I'm all for you My arms to hold you tight, to keep you warm in the coldest night  
My hand to pull your hair right back away from your eyes  
For you. Only you. yeah  
If I knew just how to do it  
I'd hang the moon with stars around it  
Paint the perfect kind of sunset  
But I couldn't make it more beautiful than you  
Oh, nothing compares to you  
You know it's true I can't remember feelin' love like this, I'm so alive  
I can't imagine livin' life without you by my side  
Day after day you find a way to make this grown man cry  
It's so true, I'm all for you  
(I'm all for you)(Ya ya ya)  
I can't remember feelin' love like this, I'm so alive  
I can't imagine livin' life without you by my side  
Day after day you find a way to make this grown man cry  
Some might call it insanity  
But without a doubt for the rest of my life  
I'm going to be crazy  
Baby, crazy for you  
All for you  
Ya I'm all for you
