

# Everything Sux

## Descendents

Got up this morning to make some coffee  
Everything sucks today  
Prayed someone hired a hitman to off me  
Everything sucks today Got up on the wrong side of life this morning  
Nothing today is gonna go my way  
Horoscope told me lies this morning  
I don't think anything is gonna be okay  
Today  
Everything sucks today (repeat 2x)  
Right girl didn't call and the wrong one's  
Knockin'  
Everything sucks today  
Flat tire on my car so I guess I'm walkin  
Everything sucks today Taxman came and took my money  
Now all my other bills are gonna be late  
My girlfriend's movin in this morning  
I don't think anything is gonna be okay  
Today  
Everything sucks today (3x)  
Got up on the wrong side of life this morning  
Nothing today is gonna go my way  
Horoscope told me lies this morning  
I don't think anything is gonna be okay  
Today  
Everything sucks today (3x)
