

# Free Lunch

## Isaiah Rashad

You know it scrub  
It scrub  
Meal, mealMeal ticket, ticket, meal ticket, ticket, come up  
Steel in my liver, real niggas in my condom  
Phil hit me back, filled this one with a powder pack  
Pill bring me back, feel this one out in CaliforniaThe flow is good, the hoe is good, the show is  
good, you know it scrub  
Cool as me out front the Kanku's store, kinfolk you know it's love  
Clean as Tide, Aveeno, Head & Shoulders, hoe you know it scrub  
Shoutout to my kinfolk, just got on that Coca-Cola scrub  
Watch my pole vault and my go-kart, this might get away as fuckIn my hood we call it buck,  
fuck 'bout what you think of me  
All my hoes be nines and dimes, all she want is chicken grease  
All you know is what your mammy taught you, 'bout the surface, get your...  
Meal ticket, ticket, meal ticket, ticket, come up, uh  
Steel in my liver, real niggas in my condom  
Phil hit me back, filled this one with a powder pack  
Pill bring me back, feel this one out in California  
Meal ticket, ticket, meal ticket, ticket, come up, uh  
Steel in my liver, real niggas in my condom  
Phil hit me back, filled this one with a powder pack  
Pill bring me back, feel this one out in CaliforniaThe trunk was full, the ride was long, the cop  
was cool, we smoked in peace  
Ain't we dem to move an ATM, might buy the atrium  
Where you Zay? Highway 58 at my cousin house  
Nowadays I like to bring my nephews and my budget out  
I come from where you can't suck my dick and leave my cousin outIn my hood we call it clout,  
fuck 'bout what you think of me  
All my hoes be nines and dimes, all she want is chicken grease  
All you know is what your mammy taught you, 'bout the surface, get your...  
Meal ticket, ticket, meal ticket, ticket, comma, uh  
Steel in my liver, real niggas in my condom  
Phil hit me back, filled this one with a powder pack  
Pill bring me back, feel this one out in California  
Meal ticket, ticket, meal ticket, ticket, comma, uh  
Steel in my liver, real niggas in my condom  
Phil hit me back, filled this one with a powder pack  
Pill bring me back, feel this one out in CaliforniaToday was a keeper, yeah  
I lost my heroes a long time ago, time ago  
... and fade away, way... away, way  
They gon' bring you down and burn you out and fade away, way  
They gon' bring you down and burn you out and fade away, way

They gon' bring you down and burn you out and fade away, way... away, way  
They gon' bring you down and burn you out and fade away, way
