

# This Feeling

## Alabama Shakes

I just kept hoping, I just kept hoping  
The way would become clear  
I spent all this time tryna play nice and fight my way here  
See, I've been having me a real hard time  
But it feels so nice to know I'm gonna be alright  
So I just kept dreaming, yeah, I just kept dreaming  
It wasn't very hard  
I spent all this time tryna figure out why  
Nobody on my side  
See, I've been having me a real good time  
And it feels so nice to know I'm gonna be alright  
So please, don't take my feelings  
I have found at last  
So please, don't take my feelings  
I have found at last  
Yeah, if I wanted to, I'd be alright  
So I just kept going, I just kept going  
And hoping I'm growing near  
Well this good and fine, I spent all this time  
Tryna find my way here  
And I've been having me a real fun time  
And it feels so nice to know I'm gonna be alright  
Please, don't take this feeling  
I have found at last  
Please, don't take my feeling  
I have found at last  
If I wanted to, I'd be alright  
Yeah, if I wanted to, I'd be alright
