

# Change My Life

## Trick Daddy

Gotta change my life  
Lord knows Gotta change my life, Lord knows I ain't livin' right  
Ya'll know I ain't chillin' right, smokin' out everyday and night  
Gotta ease my mind gotta find time to rewind  
'Cause I'm fallin' way behind me and my dogs we known to ride Gotta change my life, Lord  
knows I ain't livin' right  
Ya'll know I ain't chillin' right, smokin' out everyday and night  
Gotta ease my mind gotta find time to rewind  
'Cause I'm fallin' way behind me and my dogs we known to ride Gotta watch my back represent  
for the soldier  
Die couple years older have boulders, a lil' soda  
Get rich with a motive now shit done changed  
Niggaz gunnin' in the rain on straight cocaine  
And it ain't no thang since the game in his arm  
Straight aim at his arm gotta watch my back  
Gotta stack my flow gotta pay my bills leave bread in the will  
All to the old girl see ya'll hoes betta chill Now back to the game lotsa nigga been dying for this  
Done lost they lives to this  
Got me on this survival some type of AK rider  
Na I started with thug's thug with a heart Took a trip with some heart, had a dude he was scarred  
See his mom in the park tears dried up  
Mom what's wrong what's wrong your son's gone  
Is he ever comin' back home She said you straight young nigga  
Take a look in the mirror I was there when you was gone  
Now back to the streets, where young niggaz like me  
Gon' do what we got to do you ain't nuttin' without ya crew  
Betta light in tha night and I'm thinkin' bout you  
In the bedroom tied you with ya mouthpiece wired up  
Just shaped on tha floor  
Had none of ya guns keep muthafuckaz fired up An see that's the truth  
I done told my nigga this street shit ain't a game  
But it seem the same young nigga get slanged  
For a lil bit a fame and cocaine try to do thangs Just for the Benz and beamers and bitches  
Thinkin' riches gon' take care snitches  
And niggaz wit triggaz, niggaz betta watch they back  
'Cuz the same time I'm tryin' to speak to you and release to you  
Some shit ya need young nigga wit greed gon' try  
To put the heat to you speed to you Gotta change my life, Lord knows I ain't livin' right  
Ya'll know I ain't chillin' right, smokin' out everyday and night They callin' in the gat in the  
dunge with a guy  
Ski mask and a vest let his heart do the rest  
Thuggin', broke niggaz be the best

Yes, and gon' die if ya buck  
 So get fucked right up come back if ya like  
 Bring ya gat if ya like and get stacked if ya like  
 On ya back if ya like all I needed was a chance  
 A Mac-10 and a Benz so I can clown with my friends  
 Show the world I'm a man then broke but  
 those in the pen  
 When I'm off in the club much love for the thugs  
 See Hennessey in the clubs  
 Got all these rabid ass, maggot hoes they love the thugs  
 Gotta change my life, Lord knows I  
 ain't livin' right  
 Ya'll know I ain't chillin' right, smokin' out everyday and night  
 Gotta ease my mind gotta find time to rewind  
 'Cause I'm fallin' way behind me and my dogs we known to ride  
 Gotta change my life, Lord  
 knows I ain't livin' right  
 Ya'll know I ain't chillin' right, smokin' out everyday and night  
 Gotta ease my mind gotta find time to rewind  
 'Cause I'm fallin' way behind me and my dogs we known to ride  
 Now bout dem hoes try to find  
 them a man  
 That can pay they bills and yes they can  
 Weight 28 grams take a tour of the land  
 Ain't got no plan they'll wait for a thug  
 Go give 'em a hug show 'em how to be loved  
 Then suck 'em up straight fuckin' 'em up  
 Then get in his Benz get with all his friends  
 Take all his ends then send him to the pen  
 Then do it all again Amen  
 But Lord forgive 'em have mercy on they're souls  
 For livin' like hoes and say a lil prayer for me and my life  
 'Cuz I ain't livin' right you know I  
 Gotta change my life, Lord knows I ain't livin' right  
 Ya'll know I ain't chillin' right, smokin' out everyday and night  
 Gotta ease my mind gotta find time to rewind  
 'Cause I'm fallin' way behind me and my dogs we known to ride  
 Gotta change my life, Lord  
 knows I ain't livin' right  
 Ya'll know I ain't chillin' right, smokin' out everyday and night  
 Gotta ease my mind gotta find time to rewind  
 'Cause I'm fallin' way behind me and my dogs we known to ride  
 Lord knows I ain't livin' right  
 Ya'll know I ain't chillin' right, smokin' out everyday and night  
 Gotta ease my mind gotta find time to rewind  
 'Cause I'm fallin' way behind me and my dogs we known to ride  
 Gotta change my life
