

# Wonderland

## Caravan Palace

Just imagine a trip to a wonderful land  
Of candy, and jam, and ice cream-Eerie Voices-I gotta hit that (?) you better watch it  
With a gat that I pack with a full clip  
I got the whip, got the (?) that I keep it undercover,  
all up in the cup, just you live it up  
See the snow cold face try to knock it  
I can't (?) never walk on my rocket  
I gotta beat in it, I gotta (?) in it  
I gotta be-ba-da-be-ba-da-be-da-be-it  
See the big gold chain that I'm rockin'I got the ring for the (?), never drop it,  
I got a stash for the cash that I owe to my daughter  
All up in the cup, Just you live it up  
And the streets turn cold when I walk it  
It's my rules no man can stop it  
I throw a kick so quick that'll leave you in the gutter  
Leave you in the gutter, gutter, gutter...  
All up in the cup, All up in the covers...  
Just imagine, Wonderful land  
I know all best things never happen  
I'm just a runned out girl with gentle gunners  
If my dreams aren't rocked and I rule the wonderland...  
All up in the cup, All up in the covers.
