

Everyday, Everyday (feat. Nevve)

Manila Killa

[Verse 1]

I don't have a lot to say
You know just how to annoy me
But I need you everyday
I still need you everyday
I know I could be just fine
Out on my own every Friday
But you're my funny Valentine
You're my funny Valentine[Pre-Chorus]

I am changing

[Chorus]

I don't wanna leave you occupy my mind
It's crazier each time
I don't wanna be without you
How did you know it?
Standing next to me
The sun can lose its shine
We carry on just fine
I don't wanna live without you
How did you know it?[Post-Chorus]
How did you know it?

I don't wanna leave, I don't wanna leave, I don't
I don't wanna leave, I don't wanna leave, I don't
I don't wanna leave, I don't wanna leave, I don't
I don't wanna leave, I don't wanna leave, I don't
I don't wanna leave, I don't wanna leave, I don't
I don't wanna leave, I don't wanna leave, I don't
I don't wanna leave, I don't wanna leave, I don't
How did you know it?

[Verse 2]

Your silence is deafening
Wish we could stick to the story
I need you and you need me
We're in perfect symmetry
You know I could be just fine
Fly on the wall at the party
No one wants to be lonely
Love is not the enemy[Pre-Chorus]
I am changing[Chorus 2]
I don't wanna leave, I don't wanna leave, I don't
I don't wanna leave you occupy my mind
It's crazier each time

I don't wanna be without you
How did you know it?
Standing next to me
The sun can lose its shine
We carry on just fine
I don't wanna live without you
How did you know it?[Post-Chorus]
How did you know it?
I don't wanna leave, I don't wanna leave, I don't
I don't wanna leave, I don't wanna leave, I don't
I don't wanna leave, I don't wanna leave, I don't
I don't wanna leave, I don't wanna leave, I don't
I don't wanna leave, I don't wanna leave, I don't
I don't wanna leave, I don't wanna leave, I don't
I don't wanna leave, I don't wanna leave, I don't
How did you know it?[Outro]
I don't wanna leave you occupy my mind
It's crazier each time
I don't wanna be without you
How did you know it?
Standing next to me
The sun can lose its shine
We carry on just fine
I don't wanna live without you
How did you know it?
