

Strangers

Eric Roberson

Strangers be, become friends
Fall in love ... love ...
Strangers be, become friends
Fall in love ... love ...
We're just, strangers again
We're just, strangers again
We're just, strangers again
We're just, strangers again
Met this chick about a year ago
What I love about her, she has so much soul
Plus a mind that my mind would like
And even pops said about her is out of control
We... up this... I could have seen nothing going wrong
Through we was good then all of a sudden
She and I ... hear the reason
Strangers be, become friends
Fall in love ... love ...
Strangers be, become friends
Fall in love ... love ...
We're just, strangers again
We're just, strangers again
We're just, strangers again
We're just, strangers again
Come on
We're just, strangers again
We're just, strangers again
We're just, strangers again
We're just, strangers again
Stranger comes along, catch ears and eyes
... back and smile, wait for reply
Friends...
If I knew I would have hurt my friend
I might not even try
Is what you know
Is when you see her out with her girls
She just walks right by
Strangers be, become friends
Fall in love ... love ...
Strangers be, become friends
Fall in love ... love ...
We're just, strangers again
We're just, strangers again

We're just, strangers again
We're just, strangers again
Come on
We're just, strangers again
We're just, strangers again
We're just, strangers again
We're just, strangers again
Now see I prefer, so just take it slow
When... the thing we fall...sometimes... just wrong
... still believe in love
Strangers be, become friends
Fall in love ... love ...
Strangers be, become friends
Fall in love ... love ...
We're just, strangers again
We're just, strangers again
We're just, strangers again
We're just, strangers again
Tell me, what did we ...
We're just, strangers again
We're just, strangers again
We're just, strangers again
We're just, strangers again
Strangers be, become friends
Fall in love ... love ...
Strangers be, become friends
Fall in love ... love ...
We're just, strangers again
We're just, strangers again
We're just, strangers again
We're just, strangers again
We're just, strangers again
We're just, strangers again
We're just, strangers again
We're just, strangers again.
We're just, strangers again.
