

Missing You

Mia Martina

When you lie awake at night
Do you still think of me?
Do you miss the love we knew?
We're falling apart, we're falling apart To see the feeling's gone but we don't need it
Tonight I'll hide the tear
But I'm falling apart, but I'm falling apart If I'm not what you want who's gonna save me?
If I'm lost in the dark who's gonna find me?
If I'm not good enough who's gonna want me now?
Who's gonna want me? If I'm not what you want who's gonna save me?
If I'm lost in the dark who's gonna find me?
If I'm not good enough who's gonna want me now?
Who's gonna want me?
I can't stop, I can't stop missing you
I won't stop, I won't stop missing you
I can't stop, I can't stop missing you
I, I, I, I'm missing you To try to know the pain cutting inside of me
It never goes away
Keep taking me down, keep taking me down If I'm not what you want who's gonna save me?
If I'm lost in the dark who's gonna find me?
If I'm not good enough who's gonna want me now?
Who's gonna want me? If I'm not what you want who's gonna save me?
If I'm lost in the dark who's gonna find me?
If I'm not good enough who's gonna want me now?
Who's gonna want me?
I can't stop, I can't stop missing you
I won't stop, I won't stop missing you
I can't stop, I can't stop missing you
I, I, I, I'm missing you I can't stop, I can't stop missing you
I won't stop, I won't stop missing you
I can't stop, I can't stop missing you
I, I, I, I'm missing you I can't stop, I can't stop missing you
I won't stop, I won't stop missing you
I can't stop, I can't stop missing you
I, I, I, I'm missing you
