

# Sugar Boy

Beth Orton

Sugar boy its all over now,  
Sugar boy its all over now,  
Ain't your loving,  
But the things that you do,  
Listen boy I'm getting tired of you, Sugar boy what you trying to do,  
Well I told you I loved you,  
Now what more can I do,  
Told you I loved you,  
You beat my heart black and blue,  
I told you I loved you,  
Now what more can I do,  
Do you want me to lay down  
And die for you.  
Sugar boy its all over now,  
Sugar boy its all over now,  
Went to the doctor,  
Told me something was wrong,  
Listen girl you shouldn't feel so alone. Sugar boy what you trying to do,  
Well I told you I loved you,  
Now what more can I do,  
Told you I loved you,  
You beat my heart black and blue,  
I told you I loved you,  
Now what more can I do,  
Do you want me to lay down  
And die for you.  
Lay down and die,  
Lay down and die,  
Well I'm not gonna lay down and die,  
No I'm not gonna lay down and die,  
Oh no I won't lay down and die,  
Never gonna lay down and die,  
Oh no I'm never gonna lay down and die for you,  
Oh no I'm never gonna lay down and die for you,  
I'm never gonna lay down and die.
