

Out of Time

The Relay Company

1:

Fighting every system just to prove to know you're living

Do you taste or is it never enough?

And you're taking all your time to find a moment, is it fading?

Are you burning? Has your "cool" turned into to rust?Pre Then you're taken by the rhythm
ready shake shake, spinning around.

The world is moving as you wait. Oh, oh, oh, oh you missed the bus again

Oh, oh, whoa, oh oh, you're out of time. 2:

Twenty something years and are you breaking only even?

Feeling older than the age that you are?

Would you take some time to listen, let the moments that you're missing

Grab a hold and try to finally start.

Pre Then you're taken by the rhythm ready shake shake, spinning around

The world is moving as you wait. Oh, oh, oh, oh you missed the bus again

Oh, oh, whoa, oh oh, you're out of time.
