## Like a Baby

## Wham!

Foreign skies That blinded me to empty charms I crossed the ocean And fell into your arms So sure so wrong You sang me a simple tune I took it for a songSay goodbye don't tell me why You have to go Loving you was as good as gold (As good as gold) I'd love to love you really love you But you see There's something you should know I really did't think you'd go Because today I could have sworn I heard you say I love you I want you I need to be with you Today I saw something in your face Stay here Beside me I need your love to hide me You lied And now you've gone away And left me crying like a baby Song Discussions is protected by U.S. Patent 9401941.
