

Zeltron 6 Billion (feat. Lil Ugly Mane)

Denzel Curry

[Intro]

Ultimate, ultimate, ultimate, ultimate, yeah[Verse 1: Denzel Curry]

Welcome to the cellar, propelled into a realm

So then you meet me at the elm

Like Del so you could know that I'm funky as ever

Like zero, the pain is down to hill, my brain is made of steel

I crash into your soldiers like bricks thrown by Shaquille O'Neal

The coldest flow in a snow globe, my nigga I'm lost in frost

I never went to college, don't even listen to Asher Roth

Sometimes I'm a butterfly, most times I feel like a moth

Kill my insecurities because they tried to make me soft

Kill off you and your posse if you cross me

Have you so shook you wouldn't even want to cross streets

Pardon me, niggas be, Madison Square guardin' me

You could be a statue and you still won't be as hard as me

Fuck the industry, I only worry about my artistry

Hard to see, RIP my older brother Lotto Tree

Dawg, I'm murdering everything inside my allegory

Come back from the dead I'll smack you to purgatory

[Chorus]

Because you cannot fuck with Zeltron 6 Bill-ion!

You lookin' at my zoom, my shit is Sicil-ian!

Ya'll lookin' at my bitch, my bitch is Brazil-ian!

I'm finna run through to the city and kill shit!

Because you cannot fuck with Zeltron 6 Bill-ion!

You lookin' at my zoom, my shit is Sicil-ian!

Ya'll lookin' at my bitch, my bitch is Brazil-ian!

I'm finna run through to the city and kill shit![Verse 2: Lil Ugly Mane]

Who else but Ugly Mane and Zel

Could rock it so funky as hell

We got it locked like a prison

Got 'em twistin' on them D's watching

Speaking facts like 360 degrees drop it

Wisdom, you think you mobbin' but you isn't

Miami back to Richmond back to Cali

They gon' find your body in the alley

Ugly still the ugliest, Ugly still destructive

I'ma lay you down underneath the ground if you fuck with this

Head up in the clouds when the dutch is lit

Puffin' it, I be acting foul for the fuck of it

Lately its a lot of days I feel hopeless (fuck it)

Its a lot of days I'm feeling like I'm drowning in the ocean

Put your hands on me and your hands gettin' broken
When I hit the scene it's like a goddamn explosion
Find me out surrounded by some shooters
They be young and old
[?] looking crispy I got origami money folds
Ugly Mane, bars played
That blood in my veins be running cold
Running the game I be unapposed
Short fuse, don't cut it close
Ugly Mane, bars played
That shit I spit be so morose
You better watch your mouth playa
I hit you with that lethal dose

[Chorus]

Because you cannot fuck with Zeltron 6 Bill-ion!
You lookin' at my zoom, my shit is Sicil-ian!
Ya'll lookin' at my bitch, my bitch is Brazil-ian!
I'm finna run through to the city and kill shit!
Because you cannot fuck with Zeltron 6 Bill-ion!
You lookin' at my zoom, my shit is Sicil-ian!
Ya'll lookin' at my bitch, my bitch is Brazil-ian!
I'm finna run through to the city and kill shit!
