

I'm Sayin' (feat. Rich Homie Quan)

Omarion

Rich Homie Quan

Omarion

And your chick, your chick{1 - Omarion}:

Somewhere in here there's a bad bitch that's been on my mind

She tried to talk but I missed it when she hit my line

I know I've been drinking a lot and I'm probably too high

If I hit it once then I probably could hit one more time

{Pre-}:

Cause her sex game on Beyoncé, say

I think she drinking Bombay, hey

Don't take this the wrong way

I eat that sweet pwussy on a Sat'day

{Hook-Omarion}:

I'm saying, might make her my fiancée

I'm saying, don't care what they gon' say

I'm saying, I give it to her long way

Bang bang when I hit her with the gunplay

Where are you?

(I'm saying) At the end of the night where you going?

(I'm saying) When it's all said and done is you rolling?

I'm saying

I'm saying

I'm saying, tryna hit her with the gunplay

I'm saying, tryna hit her with the gunplay

{2 - Omarion}:

Suicide, suicide Lamborghinis outside

Wanna ride? Wanna ride?

We can run up on the light, like woah woah woah woah

Head on my lap, so low low low low

You remember that?

Baby, I'm a savage, you ain't fucking with the average

Sex game, I'm an addict, she ain't tripping off status, hey

Red light, green light, we can skip the foreplay

Left, right, she be going both ways

Sex game on Beyoncé, say

I think she drinking Bombay, hey

Don't take this the wrong way

I eat that sweet pwussy on a Sat'day I'm saying, might make her my fiancée

I'm saying, don't care what they gon' say

I'm saying, I give it to her long way

Bang bang when I hit her with the gunplay

Where are you?

(I'm saying) At the end of the night where you going?
(I'm saying) When it's all said and done is you rolling?
I'm saying (Tell 'em what you talking 'bout)
I'm saying (Omarion, you saying to 'em?)
I'm saying, tryna hit her with the gunplay
I'm saying, tryna hit her with the gunplay {Rich Homie Quan}:
Pull up on that girl with her legs open
After she sucked my (mm), leave her head swollen
She just wanna (mm) with me, for a little exposure
Tell me, do you fuck with me? Tell me, what's your motive?
Tell me why you do that shit you do to me
When you do it, girl you got a nigga feeling so bad
And I be feeling like Jay-Z, you don't know why girl
Yeah you do, QuanCause her sex game on Beyoncé, say
I think she drinking Bombay, hey
Don't take this the wrong way
I eat that sweet pwussy on a Sat'day {Hook-Omarion & (Rich Homie Quan)}:
I'm saying, other niggas get the pump fade
I'm saying, she don't care what they gon' say
I'm saying, I give it to her long way
Bang bang when I hit her with the gunplay
Where are you? (Tell me where you at)
At the end of the night where you going?
When it's all said and done is you rolling?
I'm saying (Tell 'em what you talking 'bout)
I'm saying (Omarion, you saying to 'em?)
I'm saying, tryna hit her with the gunplay
I'm saying, tryna hit her with the gunplay
(Click clack)
